SUMMARY

I am a recent Computer Engineering graduate with a strong passion for software development. Known for being a collaborative team player with excellent interpersonal skills, I am eager to apply my technical knowledge to contribute to impactful software projects and organizational success.

WORK EXPERIENCE

Intern Front-end Developer, Touch Technology Co., Ltd.   **Nov 2022 – Feb 2023**

- Developed a task and user role management system that reduced manual tracking time by 40%.
- Built the front-end using HTML, CSS, JavaScript, React, Bootstrap, and Ant Design.
- Migrated the project from Next.js to Vite with SSR support, improving build speed by 150% and enhancing development efficiency.

EDUCATION

Bachelor of Engineering in Computer Engineering   **2019 – 2023**
Faculty of Engineering and Technology, Rajamangala University of Technology Isan

Project Thesis: Scheduling Teaching and Replacement Teacher System
- Developed web applications using HTML, CSS, JavaScript, Bootstrap, React, Java, Spring Boot, and MySQL.
- Designed web applications and improved old systems to be more user-friendly.
- Tested and debugged programs using Visual Studio Code and Spring Boot.

Awards/Activities: Participating in group assignments that demonstrate leadership and teamwork, Members actively involved in student activities in the Faculty of Engineering and volunteer activities.

SKILLS

- **Programming Languages:** C, C++, Java, PHP, JavaScript, HTML, CSS, SQL
- **Web Development:** React, Bootstrap, Spring Boot, phpMyAdmin, XAMPP, Laragon
- **Tools & Technologies:** VS Code, Code::Blocks, Postman, GitHub, GitLab, Figma, Draw.io, Canva, CapCut, Microsoft Office
- **Technical Skills**: Software Development, Front-end Development, UI/UX Design, Version Control (Git), System Design, REST API Integration
- **Languages**: Thai (Native), English (B1 – Intermediate), Chinese (A1 – Basic)
